IMPORTANT NOTES. PLEASE READ BEFORE PURCHASING:
 1. Non-Weatherproof, Indoor use only unless contained within weatherproof housing or used in conjunction with weatherproofing products

Product Description
 NFLS-RGBX2 series flexible LED light strip with high power 5050SMD RGB LEDs. 5 meter (197 in), 1 meter (39 in), and 1/2 meter (19.5 in) with copper, black, or white finish. Non-weatherproof flexible light strips with adhesive backing, can be cut into 3-LED segments. No RGB controller on board, strips have separate RGB power inputs and common anode wire, Use any of our Universal RGB Controllers to dynamically control the strips - Due to voltage drop, after 5 meters run wire back to source. 12VDC operation. Available in Standard Density version
